PAPER SPINNER
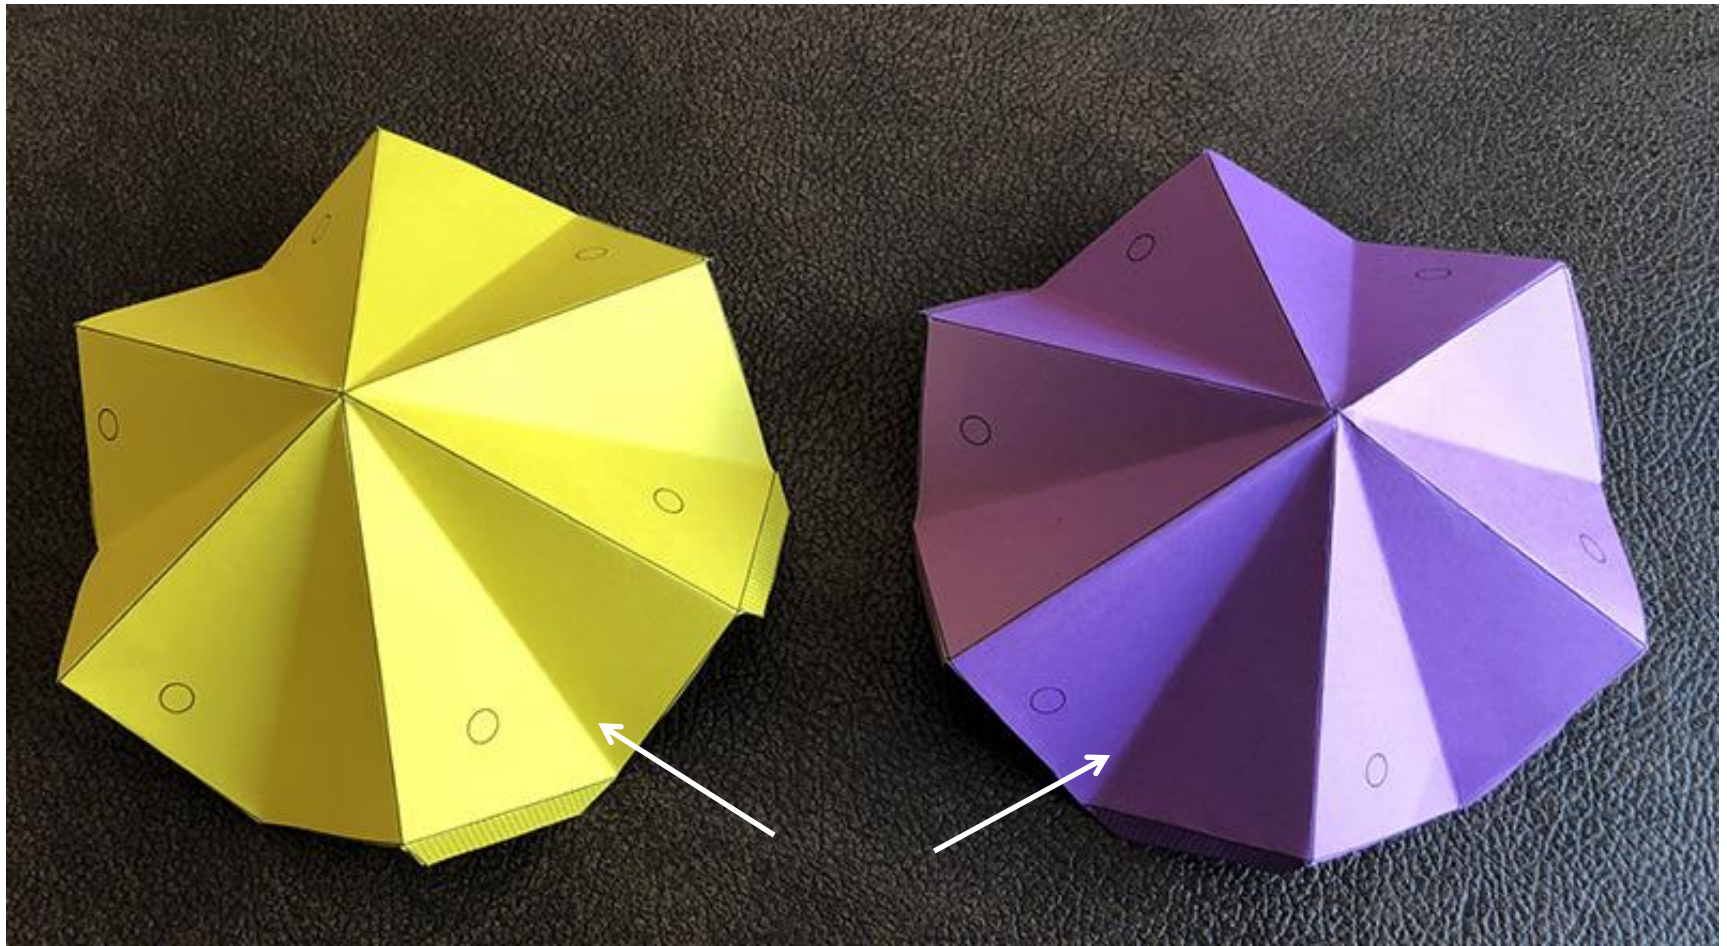

You have prepared

Print this [spinner template](), and follow [these instructions]()
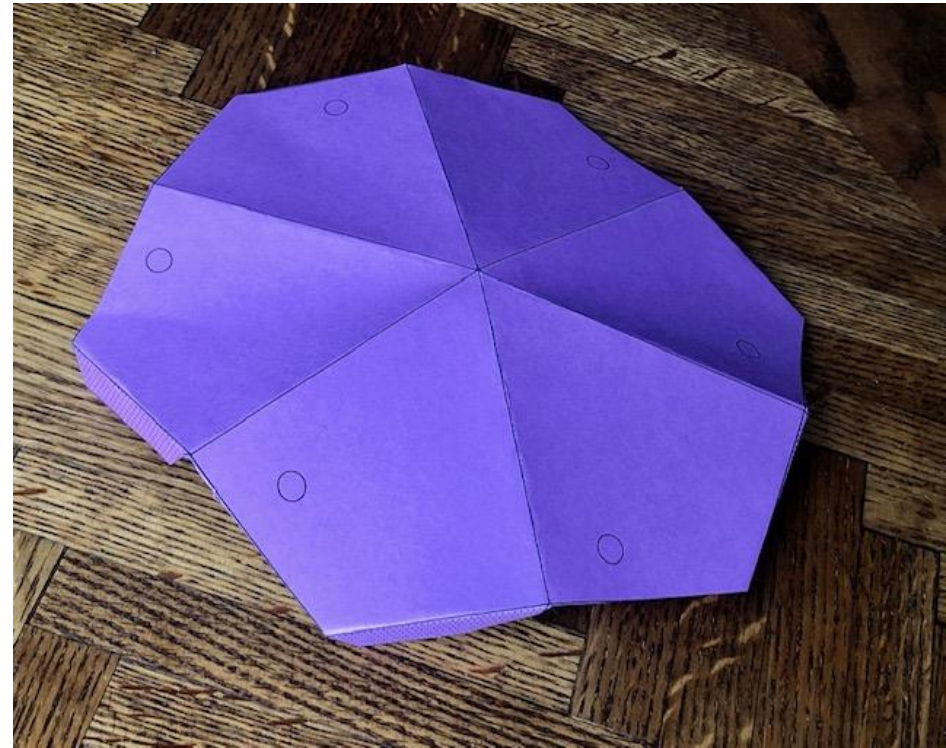

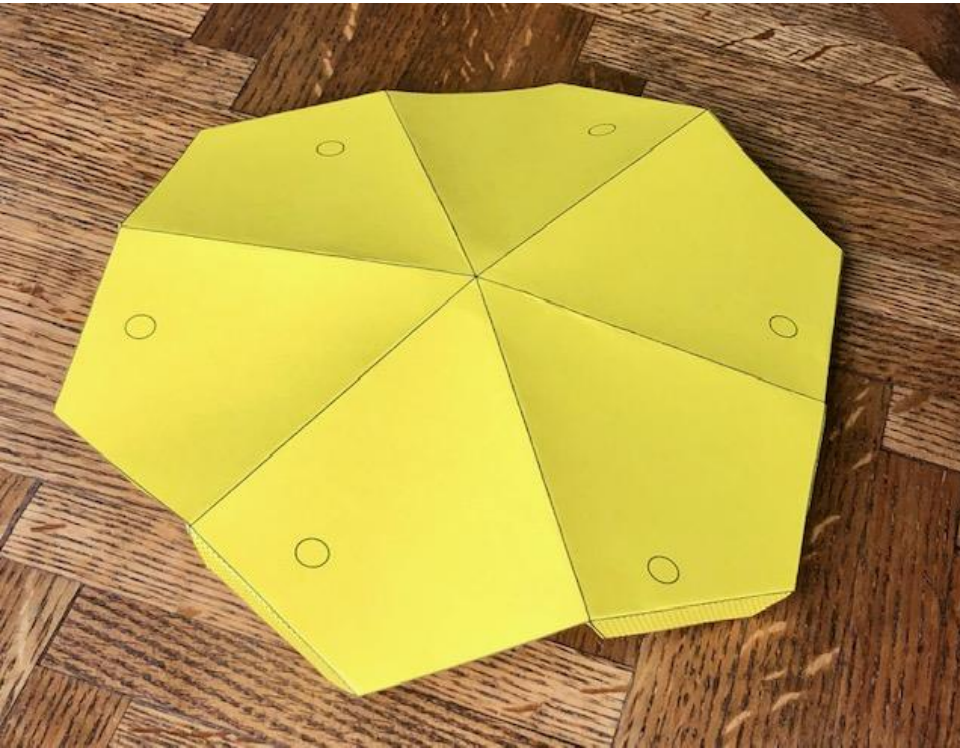

# Goal: create new folds so you have

New fold
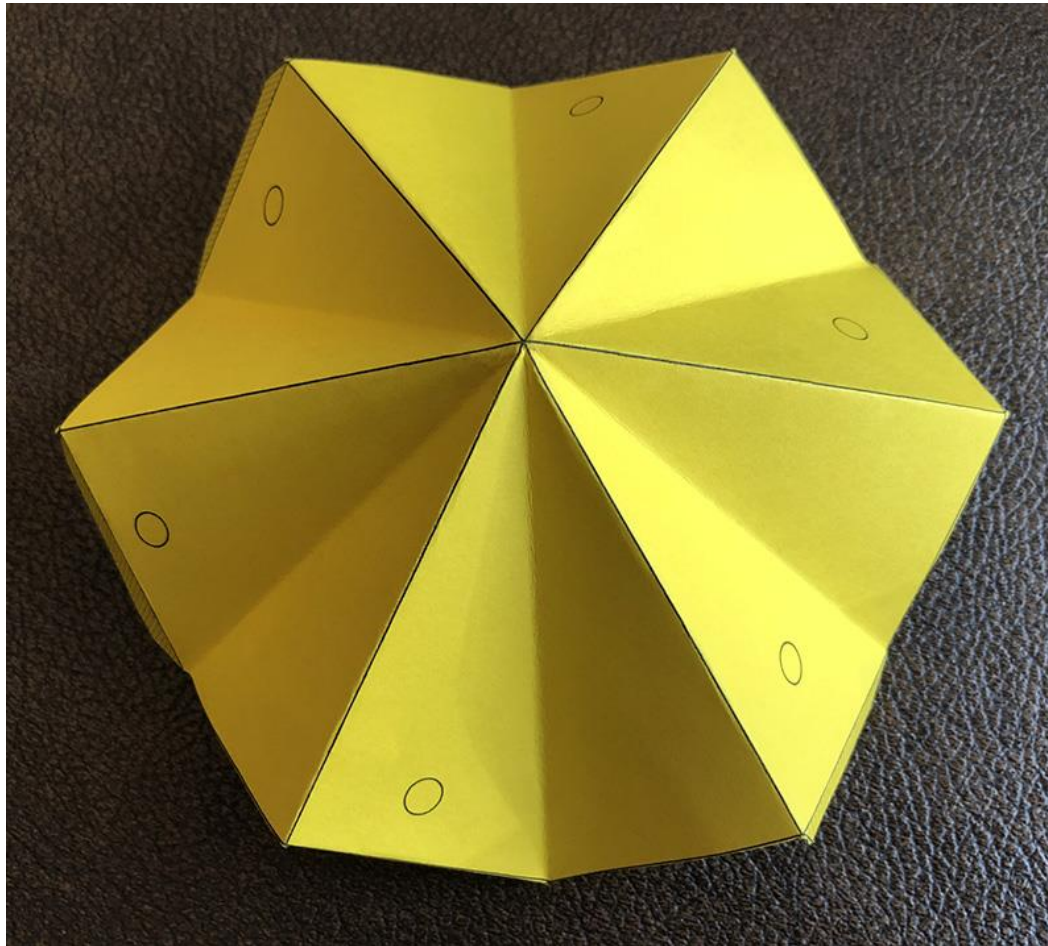

Fold in half with printed side <u>inside</u>

Hexagon sides are on top of each other

New fold

Repeat 2 more times until you get this

# Make the same 3 folds with other half

You will have this

Now tape them together
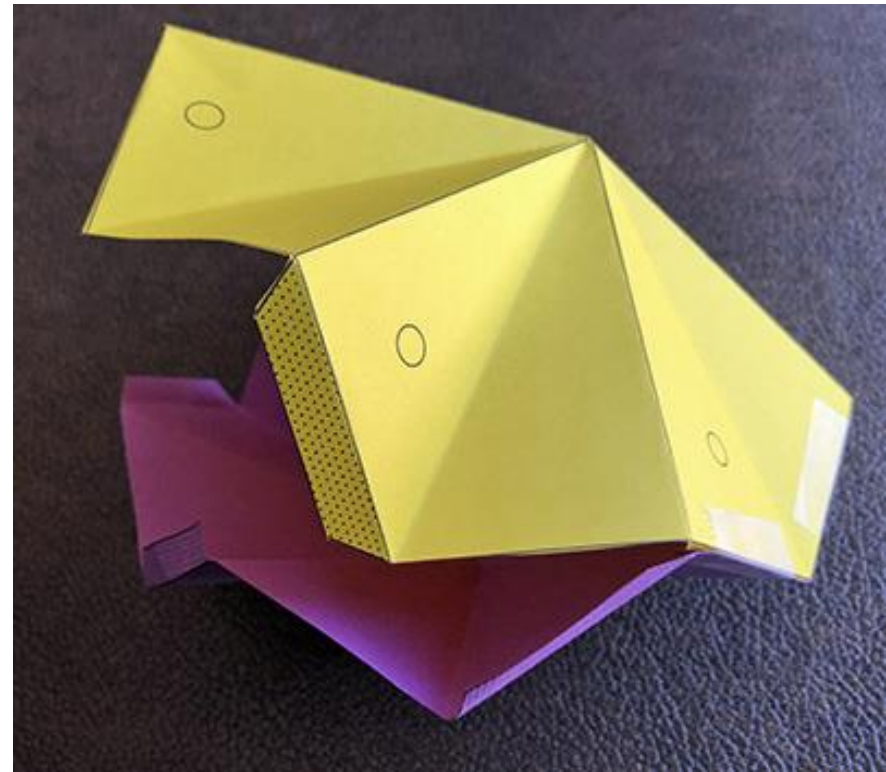

Printed side out

Make sure circles match!

Continue all the way around

Ready to spin!
